SACHEM CSD

POLICY 4321.2

**SCHOOL-WIDE PRE-REFERRAL
APPROACHES AND INTERVENTIONS**

REVIEW REVISED POLICY

SACHEM CENTRAL SCHOOL DISTRICT

SCHOOL-WIDE PRE-REFERRAL APPROACHES AND INTERVENTIONS

Policy 4321.2

The Board of Education recognizes that the provision of academic and behavioral supports and targeted interventions for students who are not making academic progress at expected levels in the general curriculum may improve a student's performance, and help avert the need for referral for possible classification as a student with a disability. Therefore, the School District will implement on a school-wide basis practices appropriate to enable all of the School District's students to succeed in the general education environment.

The Superintendent of Schools or his/her designee will identify and take steps to implement a variety of practices appropriate to comply with this policy. Consistent with applicable law and regulation, those practices may include, for example:

1. Providing early intervention services with funds available to the School District, which may be coordinated with similar activities conducted pursuant to law. Such services would be made available to students not currently identified as needing special education and related services, but who need additional support to succeed in a general education setting. This may include professional development that enables teachers and other staff to deliver scientifically based academic instruction and behavioral interventions, such as scientifically based literacy instruction and, where appropriate, instruction on the use of adaptive instructional software. It also may include educational and behavioral evaluations, services and supports.
2. Implementation of a response to intervention (RTI) program that includes the minimum requirements established by commissioner's regulations, and allows teachers and other staff to determine whether a student responds to scientific, research-based instruction or requires interventions beyond those provided to all students in the general education classroom.
3. Implementation of a positive behavioral intervention and support (PBIS) system that reduces school and classroom behavioral problems, and creates and maintains a safe and positive learning environment by promoting positive behavior in all students.

The School District's implementation of any of the above practices will not impede or delay the appropriate evaluation of a student suspected of having a disability, and the student's right to a free appropriate public education.

ALLOCATION OF SPACE FOR SPECIAL EDUCATION PROGRAMS AND SERVICES

REVIEW NEW POLICY

SACHEM CENTRAL SCHOOL DISTRICT

ALLOCATION OF SPACE FOR SPECIAL EDUCATION PROGRAMS AND SERVICES

Policy 4321.3

The Board of Education recognizes that a school need not make each and every part of its existing facilities accessible, if it can relocate or reschedule enough classes so as to offer required courses and electives in accessible areas. No qualified student with a disability will be excluded from the School District because the facilities are inaccessible or unusable.

The Board of Education recognizes its responsibility to provide appropriate space for:

1. Special programs and services provided to meet the needs of students and preschool students with disabilities both within its own facilities, and in programs provided by the board of cooperative educational services (BOCES) and attended by School District residents; and
2. Serving students with disabilities in settings with non-disabled peers, as well.

The School District will address such space allocation needs as part of its annual budget cycle, during the annual or any more frequent re-evaluation of its long-range educational facilities plan, and as part of the biannual plan it must submit to the commissioner of education regarding the provision of services to students and preschool students with disabilities.

Through the Superintendent of Schools, the School District also will share with the BOCES District Superintendent information relevant for the BOCES to determine its own facility space needs for serving the School District's resident students and preschool students with disabilities.

As part of the process for the allocation of appropriate space for special education programs and services and serving students with disabilities in settings with non-disabled peers, the Superintendent of Schools, in consultation with appropriate school personnel will, at a minimum:

1. Periodically gather information regarding the number of students and preschool students with disabilities presently participating and anticipated to continue to participate in the School District's special education programs and services, the type of programming they presently receive and may receive in the future, as well as the setting in which those services are and/or will be provided.
2. Review the results of the School District's latest census, and other School District child find efforts, including child find activities conducted with respect to parentally-placed nonpublic school students with disabilities.
3. Anticipate any projected increase in the number of students and preschool students with disabilities the School District will be responsible for providing special education programs and services to, the anticipated type of services they will be receiving and the settings in which those services will be provided.

Policy 4321.5

The Board of Education recognizes the importance of maintaining the confidentiality of personally identifiable data pertaining to a student with a disability. Personally identifiable data will not be disclosed by any School District employee or member of a CSE/CPSE to any person (other than the parent of such student), organization or agency unless the parent or guardian of the child provides written consent; there is a valid court order for such information; or disclosure is permitted by law.

The Board of Education, while acknowledging the confidentiality requirement, believes that in order for each student with disabilities to receive the full benefit of his/her Individualized Education Program (IEP), Individualized Education Services Program (IESP), or Service Plan (SP) individuals responsible for implementing the program or plan must, prior to the implementation, fully understand the scope of their responsibility and the specific accommodations, modifications and supports to be provided.

This policy establishes procedures for the provision of services, accommodations or program modifications for students with an IEP, IESP or SP in accordance with that student's IEP, IESP or SP.

I. IEP, IESP or SP Copies

At a CSE, CSE Subcommittee or CPSE meeting for each student, a determination will be made as to which general education teachers, special education teachers, related service providers and other service providers have responsibility to implement the recommendations on the student's IEP, IESP or SP. "Other service provider" means a representative of another public school district, charter school, BOCES program, child care institution school, Special Act school district, State-supported school, approved private in-state or out-of-state school and an approved preschool provider where the student receives or will receive IEP or IESP services.

The CSE, CSE Subcommittee and CPSE Chairpersons will provide a paper or electronic copy of each student's IEP, IESP or SP to each regular education teacher, special education teacher, related service provider and/or other service provider who is responsible for implementation of the program or plan. These individuals responsible for implementing an IEP or IESP shall, in turn, provide all paraprofessionals (teacher aides and teacher assistants) and other providers responsible for assisting in implementation with the opportunity to review their copy of the IEP, IESP or SP prior to program implementation, as well as have ongoing access to such copy. If a student's IEP, IESP or SP is revised during the school year, the School District will provide electronic access or copies of the IEP, IESP or SP to teachers and service providers consistent with law, regulations and this policy.

The Director of Special Education will provide a statement explaining that the IEP is a confidential document, and that any copy of a student's IEP provided pursuant to this policy shall remain confidential and shall not be re-disclosed to any other person in compliance with federal and state laws and regulations, including the Individuals with Disabilities in Education Act (IDEA) and the Family Educational Rights and Privacy Act (FERPA).

CONFIDENTIALITY AND ACCESS TO INDIVIDUALIZED EDUCATION PROGRAMS AND INDIVIDUALIZED EDUCATION SERVICES PROGRAMS

Policy 4321.5

In addition, the Committee on Special Education chairperson shall designate a professional employee of the School District with knowledge of the student's disability and education program who shall, prior to the implementation of the IEP, inform each teacher, related service provider, assistant and support staff person of his or her responsibility relating to the implementation of the IEP and the specific accommodation, modifications and supports that must be provided for the student in accordance with the IEP.

The employee charged with the duty to inform each teacher, related service provider, assistant and support staff person of his or her responsibilities relating to the IEP shall also inform those individuals of the obligation to maintain the confidentiality of the IEP.

II. Confidentiality

All copies of a student's IEP or IESP provided or made accessible under this policy must remain confidential, and shall not be redisclosed to any other person, except in accordance with the Individuals with Disabilities Education Act (IDEA) and the Family Educational Rights and Privacy Act (FERPA). For purposes of confidentiality, the CSE and CPSE Chairpersons shall include with each IEP, IESP or SP copy provided or made accessible under this policy, a copy of the Board's policy on student records (Policy 5500). All IEP or IESP copies must remain in a secure location on school grounds at all times. If IEP copies are transmitted and/or provided electronically, security systems (e.g., password protect a file or folder) must be implemented to prevent unauthorized internal and external access to the student's IEP or IESP.

III. Documentation

The designated professional employee(s) defined in section I above shall obtain the signature of each person covered by this policy, indicating that he or she:

1. has received either a copy of the student's IEP, IESP or SP or the opportunity to review the IEP, IESP or SP prior to its implementation, as required under state law and regulation;
2. has been informed of their responsibilities for implementation;
3. has knowledge of where the IEP, IESP or SP is to be maintained; and
4. has an understanding of the confidentiality requirements.

At the end of the school year, or whenever the IEP, IESP or SP has been revised, the CSE and CPSE Chairperson shall collect all IEP, IESP or SP copies provided under this policy and destroy them.

AVAILABILTY OF ALTERNATIVE FORMAT INSTRUCTIONAL MATERIALS FOR STUDENTS WITH DISABILITIES

REVIEW REVISED POLICY

SACHEM CENTRAL SCHOOL DISTRICT

AVAILABILITY OF ALTERNATIVE FORMAT INSTRUCTIONAL MATERIALS FOR STUDENTS WITH DISABILITIES

Policy 4321.6

The Board of Education recognizes its responsibility to provide instructional materials used in the District's schools in a usable alternative format for students with disabilities in accordance with their individual educational needs and course selection at the same time as those materials are available to non-disabled students. In accordance with applicable law and regulations, any such alternative format procured by the School District will meet the National Instructional Materials Accessibility Standard.

For purposes of this policy, alternative format will mean any medium or format for the presentation of instructional materials, other than a traditional print textbook, that is needed as an accommodation for a student with a disability enrolled in the School District, including but not limited to Braille, large print, open and closed captioned, audio, or an electronic file. An electronic file must be compatible with at least one alternative format conversion software program that is appropriate to meet the needs of the individual student.

The Superintendent of Schools or his/her designee will develop a plan to provide alternative format materials in accordance with the timeliness requirements of this policy. Such a plan will provide for:

1. Preference to vendors who agree to provide instructional materials in alternative formats, and to reflect this requirement in the bidding specifications used for the procurement of instructional materials. The same preference will be given to vendors of instructional materials ordered for the school library.
2. Consultation with appropriate school personnel regarding how students will access electronic files. The School District's technology staff will be notified of any need to convert electronic files into an accessible format such as Braille, large print, audio, or alternative display.
3. The availability of hardware and/or software a student with disabilities in need of alternative format materials might require to access the instructional material.
4. The yearly review of the School District's ordering timelines for the purchase of instructional materials to provide sufficient lead time for obtaining needed alternative format materials.
5. Notification to appropriate school personnel by the CSE, CSE subcommittee, CPSE and Section 504 Committee Chairperson whenever it is determined that a student needs instructional materials in alternative format. Such notice also will identify the particular alternative format needed, and any assistive technology devices or services the student might need to access the alternative format materials.
6. Notification by classroom teachers of the books they will be using in class and any list of required readings with sufficient lead time in anticipation of the School District's timelines for the purchase of instructional materials.
7. Consultation with the school librarian to make sure that specific library resources required by a student in need of alternative format materials to participate and progress in his or her selected courses are made available to the student in an accessible format.
8. Timely request of state assessments in alternative format.

DISTRICT-WIDE AND STATE-WIDE ASSESSMENTS OF STUDENTS WITH DISABILITIES OR 504 ACCOMMODATION PLANS

REVIEW REVISED POLICY

SACHEM CENTRAL SCHOOL DISTRICT

DISTRICT-WIDE AND STATE-WIDE ASSESSMENTS OF STUDENTS WITH DISABILITIES OR 504 ACCOMMODATION PLANS

Policy 4321.7

The Board of Education recognizes the importance of offering access and appropriate testing accommodations to eligible students so that they can participate in assessment programs on an equal basis with their nondisabled peers. Two elements that contribute to an effective assessment program are proper use of accommodations and use of universal design principles in developing and administering tests.

Testing Accommodations

Testing accommodations provide an opportunity for students with disabilities to:

- participate in the instructional and assessment program;
- demonstrate their strengths, knowledge and skills without being restricted by their disability; and
- provide an accurate measure of the standards being assessed so that appropriate instruction and services can be provided.

Testing accommodations are changes made in the administration of the test in order to remove obstacles to the test-taking process that are presented by the disability without changing the constructs being tested. Testing accommodations include, but are not limited to: flexibility in scheduling/timing; flexibility in the setting for the administration of the test; changes in the method of presentation and changes in the method of response. Testing accommodations are neither intended nor permitted to: alter the construct being measured or invalidate the results, provide an unfair advantage for students with disabilities over students taking the test under standard conditions or substitute for knowledge or abilities that the student has not attained.

The Committee on Special Education, the Subcommittee on Special Education or the Committee on Preschool Special Education is responsible for recommending the appropriate test accommodations and including those recommendations on the student's Individualized Education Program (IEP) or Individualized Education Services Program (IESP). The 504 multidisciplinary committee will include the appropriate test accommodations as part the 504 plan. If it is determined that a student should participate in alternative assessments instead of the standard statewide or District-wide tests, the CSE must indicate the reasons for doing so on the IEP or IESP.

The recommendations will be reviewed annually by the CSE, CSE subcommittee, CPSE or 504 team. The Board of Education acknowledges the importance of integrating the assessment program with the instructional program and, to that end, encourages effective communication among School District staff so that implementation is consistent and fair. The goal is to provide effective assessments that allow students to benefit from their educational program.

In some situations, a building principal may authorize the use of testing accommodations in accordance with this policy. Those instances are limited to cases where a regular education student incurs a disability, such as, but not limited to, a broken arm, without sufficient time for

the CSE, CPSE and/or Section 504 Committee to make a recommendation prior to a test. They do not include cases where the student is already being evaluated to determine his or her eligibility for status as a student with a disability. In exercising this authority, the building principal will rely on his or her professional judgment. He or she also may confer with CSE, CPSE and/or Section 504 Committee members.

Universal Design Principles in District-wide Assessments

The Board of Education recognizes the benefits of using the principles of universal design to further the goal of providing equal access to District-wide assessments and to provide the most accurate measure of the performance of all students. The Board of Education directs the Superintendent of Schools, in consultation with appropriate school staff, to examine how universal design principles can be incorporated into the School District's assessment program, and to facilitate its use to the extent feasible. Any steps taken in this regard will be consistent with this policy and applicable State Education Department policy and/or guidance on the use of universal design principles.

At a minimum, the Superintendent of Schools or his/her designee will explore how School District assessments can be:

1. made more usable by students with diverse abilities.
2. designed to better accommodate a wide range of individual preferences and abilities.
3. made more understandable.
4. made to communicate necessary information to students more effectively.
5. designed to minimize adverse consequences of accidental or unintended actions.
6. used more efficiently and comfortably and with a minimum of student fatigue.

IMPARTIAL HEARING OFFICER

APPOINTMENT AND COMPENSATION

REVIEW REVISED POLICY

SACHEM CENTRAL SCHOOL DISTRICT

IMPARTIAL HEARING OFFICER APPOINTMENT AND COMPENSATION

Policy 4321.8

The Board of Education establishes the following policy to govern the appointment and compensation of impartial hearing officers for special education related impartial hearings pursuant to Part 200 of the Regulations of the Commissioner of Education.

The Board of Education will appoint impartial hearing officers (IHO), as needed, to hear complaints regarding the identification, evaluation, or placement of students with disabilities, or the provision of a free appropriate public education to such a student in accordance with the rotational selection process and other applicable procedures described in Commissioner's regulations.

Selection

The updated list of certified IHOs promulgated by the New York State Education Department will be used in connection with requests for impartial hearings. The list shall also include the names of those other certified IHOs whose names appear on the state list and who have indicated to the School District their interest in serving as an IHO in the School District.

The Superintendent or his designee, the Director of Pupil Services shall be responsible for recommending IHOs to the Board of Education for approval.

Upon receipt of a request for an impartial hearing, the rotational selection process for the IHO shall be initiated immediately and always within two (2) business days after receipt by the School District of such written request. Should an IHO decline appointment, or if within twenty-four (24) hours the IHO fails to respond or is unreachable after reasonable efforts by the District Clerk, such efforts will be documented through independently verifiable efforts.

The District Clerk will initiate the selection process by contacting the impartial hearing officer whose name first appears after the impartial hearing officer who last served. This will be by telephone, or if unsuccessful, by leaving a message and sending a letter by overnight mail. The District Clerk will canvass the list in alphabetical order as prescribed by the Regulations of the Commissioner of Education until an appointment is accepted. The District Clerk shall then proceed through the list to determine availability of the next successive IHO.

An IHO on the School District's rotational list may not accept appointment unless he or she is available to:

1. Make a determination on the sufficiency of the due process complaint that will be heard at the hearing within five (5) days of receiving such a request; and
2. Initiate the hearing within the first fourteen (14) days after either:
 - The School District appoints the hearing officer; or
 - The date on which he or she receives written notice that the parents and the School District waived their right to hold a resolution meeting to resolve their

- differences prior to commencement of the hearing, or met but were unable to reach agreement; or
- The expiration of the thirty (30) day period beginning with the receipt of the due process complaint, whichever occurs first unless the parties agree in writing to continue mediation at the end of the thirty (30) day resolution period, in which case, the hearing or pre-hearing conference shall commence within the first fourteen (14) days after the impartial hearing officer is notified in writing that either party withdrew from mediation.

Appointment

The Board of Education by resolution, or Board President by letter (or Vice President in his/her absence or inability), will appoint an IHO immediately after the IHO selected from the rotational list indicates he or she is available.

The Board of Education will rescind the appointment of an IHO and appoint a new one if, the parties to the hearing mutually agree that the IHO is either incapacitated or otherwise unavailable or unwilling to continue the hearing or issue a decision. The appointment of a new IHO in such an instance will be made in accordance with the selection and appointment procedures established by this policy.

Compensation

The School District shall compensate an impartial hearing officer for his or her services at the maximum rate established for such purpose by the Director of the Division of the Budget. The School District will pay the impartial hearing office appointed at the rate of up to \$100 per hour for pre-hearing, hearing, and post-hearing activities. In addition, impartial hearing officers may be reimbursed for reasonable, actual and necessary expenses for automobile travel, meals and overnight lodging in accordance with the current School District reimbursement rate set for School District employees. Mailing costs associated with the hearing will also be reimbursed. The School District will not reimburse impartial hearing officers for administrative assistance, secretarial or other overhead expenses.

Cancellation

The School District shall attempt to provide an Impartial Hearing Officer with two (2) business days' advance notice of the cancellation or re-scheduling of an impartial hearing. Should the School District request the cancellation or re-scheduling of a hearing date and fail to provide an Impartial Hearing Officer with two (2) days' notice, the School District agrees to pay the Impartial Hearing Office a fee of \$100.00. The School District shall not be responsible for costs associated with a parent or guardian's cancellation or adjournment of a hearing.

A copy of this policy will be forwarded to the impartial hearing officer at the time of appointment.

PUBLIC REPORT ON REVISIONS TO DISTRICT POLICIES, PRACTICES AND PROCEDURES UPON A FINDING OF SIGNIFICANT DISPROPORTIONALITY

REVIEW NEW POLICY

SACHEM CENTRAL SCHOOL DISTRICT

PUBLIC REPORT ON REVISIONS TO DISTRICT POLICIES, PRACTICES AND PROCEDURES UPON A FINDING OF SIGNIFICANT DISPROPORTIONALITY

Policy 4321.11

The Board of Education recognizes that, despite the School District's best efforts, there may be times when there might be a disproportionate representation of racial and ethnic groups in its special education programs and services, and/or with respect to the suspension of students with disabilities. To minimize the risk of such an occurrence, the Board of Education has endeavored to adopt policies, practices and procedures for the School District that are consistent with the IDEA and Article 89 of New York's Education Law, and their implementing regulations.

Nonetheless, upon a determination of significant disproportionality either in the suspension, identification, classification and/or placement of the School District's students with disabilities, the Board of Education will review the School District's policies, practices and procedures to determine whether they are fully compliant with the requirements of the IDEA and Article 89, or require revisions. If changes are needed, the Board of Education will take steps to adopt and implement any and all necessary revisions.

The Board of Education will inform the public of any revisions to the School District's policies, practices and procedures undertaken as a result of a finding of significant disproportionality. The Superintendent of Schools will notify school personnel responsible for implementing the revisions.

SPECIAL EDUCATION PERSONNEL

Policy 4321.14

The Board of Education acknowledges its responsibility to recruit, hire, train and retain highly qualified personnel, as defined in the federal Individuals with Disabilities Education Act (IDEA) and its accompanying regulations and in Article 89 of New York State Education law and its accompanying regulations, to provide special education programs and services. In addition, the Board of Education is committed to appointing appropriately qualified personnel to the Committee (and subcommittee) on Special Education (CSE) and Committee (and subcommittee) on Preschool Special Education (CPSE).

The Board of Education will fulfill its obligation with regard to special education personnel by taking measurable steps including, but not limited to the following:

1. actively recruit personnel who possess prior experience working with students with disabilities.
2. solicit resumes from graduates of institutions of higher education that offer programs in special education.
3. seek candidates for teaching positions who are dually certified, to the extent possible.
4. facilitate the participation of every member of the professional staff in annual professional performance reviews and professional development plans.
5. provide appropriate on-going training and professional development to CSE and CPSE members, and other special education program and service providers to provide an opportunity for continuing awareness of their obligations and responsibilities under the law.

The Superintendent of Schools or his/her designee is responsible for documenting that the professional staff is appropriately certified, licensed and trained and that they meet the "highly qualified" standard established in federal and state law. In the event that highly qualified individuals are not available, despite the best efforts of the administration, the Board of Education recognizes its responsibilities to meet the alternative standards established by the State Education Department.
